

e-LEARNING

What is eLearning?

eLearning is learning utilizing electronic technologies to access educational curriculum outside of a traditional classroom. eLearning is an excellent tool for anyone wanting to improve their academic achievement.

The **ITO eLearning Classroom** program is composed of virtual seats, within the Reading Plus and Think Through Math self-paced computer programs, which are for students 3rd grade through college and adults who need help raising their academic levels or who may need to prepare for GED classes.

Reading Plus and **Think Through Math** programs are also excellent for the academically advanced students 3rd grade through college and adults of all ages wanting to improve their academic achievement, prepare for ACT/SAT testing, those who want to prepare and maintain college readiness/performance, or for those that would just like to increase their reading fluency.

PROGRAM PRIORITY SYSTEM

The following priority system shall be in effect as the guidelines for program acceptance to the ITO eLearning Program:

- *First Priority:* Iowa tribal members within and outside our jurisdiction service area, including out of state.
- *Second Priority:* All other Native American tribal members that reside in ITO service area.
- *Third Priority:* All other persons residing within the ITO service area.
